

About Division 12 ...

With over 3,000 members in various categories, the Society of Clinical Psychology is one of APA's largest divisions. The Society represents the science and profession of clinical psychology to the American Psychological Association and to the public.

As an Early Career Psychologist (ECP) in the first four years after post-doc, you are invited to become affiliated with the Society through the Early Career Affiliate Program. As an ECP affiliate, you will learn more about the activities and issues that are of interest to clinical psychologists, including reviewing for journals, mentoring, etc.

The annual ECP affiliate fee of \$40 **includes** online subscriptions to the Division 12 journal, *Clinical Psychology: Science and Practice* and *The Clinical Psychologist*.

You may attend the Society's meetings and participate in APA Convention events geared to Early Career Psychologists.

You may also join the Division 12 listserv, exclusively for Society members.

See the website for more student member benefits: <http://www.div12.org>
