

## About Division 12 ...

With over 4,000 full members and 500 student affiliates, the Society of Clinical Psychology is one of APA's largest divisions. The Society represents the science and profession of clinical psychology to the American Psychological Association and to the public.

**As an undergraduate, graduate or post-doctoral candidate student** you are invited to become affiliated with the Society through the Student Affiliate Program. As a student affiliate, you will learn more about the activities and issues that are of interest to clinical psychologists.

The annual student affiliate fee of \$25 **includes** Section 10 membership, affirming your future identity as a clinical psychologist, advocacy for the integration of science and practice, opportunities for networking and involvement in a professional society, as well as the student awards program and other activities

You may attend the Society's meetings, without vote, and participate in APA Convention events geared to clinical psychology graduate students.

You may also join the Division 12 listserv, exclusively for Society members.

See the website for more student member benefits: <http://www.div12.org>
