# Why should you Become a Member Today?

If you are engaged in the practice, research, teaching, administration, and/or study of clinical psychology, then the Society of Clinical Psychology (SCP) is the place for you!

SCP welcomes all individuals interested in the integration of science and practice.

- Continuing education (CE) opportunities
- Extensive online resources for the practitioner, including *Clinician's Toolkit* and archived/current webinars
- *The Therapist Directory*, for advertising your practice
- Free subscriptions to the Division 12 online newsletter, *The Clinical Psychologist*, and academic journal, *Clinical Psychology: Science and Practice*
- Access to the Division 12 Listserv, a resource for job opportunities, referrals, consultation, and more
- Enhanced identity as a clinical psychologist
- Opportunity to build community with like-minded colleagues
- *Mentorship Program*, for students and professionals at all career stages
- Opportunity to affiliate with SCP's special interest Sections
- Multiple forums for professional networking
- Advocacy for integration of science and practice
- Special APA Convention programming, such as breakfast conversations, workshops, and hospitality suite activities
- Opportunities for meaningful involvement and leadership on Division and Section committees
- Opportunities to nominate (and be nominated!) for awards
- Discounts on books, including the acclaimed *Advances in Psychotherapy* series
- Reduced dues for Student and Early Career Psychologists
- Build your resume/CV by demonstrating affiliation and involvement with the historic APA division that facilitated the rise of our profession; the #1 professional community for clinical psychologists!
